Createspace Independent Publishing Platform, United States, 2018. Paperback. Condition: New. Language: English. Brand new Book. Child and/or human trafficking has to be the biggest crime of our times. It happens in our schools, at our daycare, in the church, in politics, in the home. We MUST begin to be alert to what is going on with these little children. They are suffering the worst, most unbelievable torture and many do not survive what their captors do to them. There is no one group that can be said of, that they and they alone sacrifice and consume babies because there are several. Sickening as it is, there are various elitist groups, satanic groups, pedophile groups all performing some ancient rituals of a Druid nature and given over to the Nazi way of thinking. You may not believe it, but they certainly do. How many there are is in itself, a very frightening thought for unsuspecting little kids and their parents. What these survivors go through, in many cases, shatters their personality into more personas that can aid them in handling this astronomically painful thing that has happened. It has taken many of them years of normalcy before those painful memories were allowed to surface and for some, they can only convey their plights by way off other forms of expression such as art or music. We must become vigilant and tough on those that prey on our children. Know that it happens; it has happened before. Guard your home, surroundings and kids because for the hunter pedophile, they are always watching. Love to hear your comments and thoughts on this topic and thank you for reading!.
